HORSBURGH & SCOTT
GEAR UP™

News Release

For Immediate Release

Pradeep Saha Appointed President and CEO of Horsburgh & Scott

Cleveland, OH: November 6, 2014 – Horsburgh & Scott, the world leader in large gear manufacturing, has announced that Pradeep Saha has been promoted to President and CEO. Saha previously served as the company's Vice President of Sales and Marketing, where in 2014 he successfully increased sales by 20 percent, developed a new marketing strategy, implemented a disciplined CRM process, and rebranded the company with a new logo, website and brand identity.

In his new role, Saha will have P&L responsibility for the company's sales, marketing, manufacturing, financial and business development programs. "Horsburgh & Scott is truly unique in its ability to provide new and repaired gearing products for a wide range of markets," says Pradeep Saha, President and CEO. "We have turnkey engineering design and manufacturing expertise to produce large open gearing up to 40 ft. in diameter and gearboxes up to 16,000 horsepower. With our in-house engineering, manufacturing, heat treating, repair and rebuild facilities, plus nearly 130 years of experience, we are well positioned to increase market share and gain new customers around the world."

Prior to joining Horsburgh & Scott, Saha held leadership positions at Ametek, General Electric, Quatech, Keithley Instruments and Photonics Systems. He has global management experience and is a graduate of the Kellogg School of Management with an MBA and a B.S. in Electrical Engineering from the University of Toledo. He also attended General Electric's Crotonville Leadership Development Program and the Center for Creative Leadership.

About Horsburgh & Scott

Horsburgh & Scott is a worldwide leader in engineering, manufacturing and maintaining gears and gearboxes. The company offers custom mid and large size gearing and preventive maintenance solutions for mining, metals processing, sugar processing, oil and gas drilling, and a wide variety of other industries. It has been in business for nearly 130 years and has manufacturing operations in the US and sales and service worldwide. For additional information about Horsburgh & Scott:
